FOXCONN, DOMESTIC FIRM DIXON LIKELY FRONTRUNNERS FOR MANUFACTURING

# Google to make Pixel phones in India

SOUMYARENDRA BARIK
NEW DELHI, OCTOBER 19

GOOGLE WILL start manufacturing its premium smartphone Pixel in India, with the first made in India phones expected to roll out in 2024, the company announced Thursday. Google will start with producing the Pixel 8 in the country, which was launched earlier this month.

In doing so, it has taken a leaf out of its competitor Apple, who has been manufacturing smartphones in India since 2017 and has found great success doing so, becoming the flag bearer for the government's production linked incentive (PLI) scheme.

At its annual Google for India tech event, the company said that it will partner with international and domestic manufacturers to produce Pixel smartphones locally. Domestic contract manufacturer Dixon Technologies and Foxconn are said to be the frontrunners to manufacture the Pixel in India. Foxconn manufactures iPhones in India whereas Dixon makes phones for Reliance Jio, Motorola, and Nokia. Xiaomi.

Google has found it difficult to break into the smartphone segment globally, and would be hoping that its decision to locally manufacture the Pixel in India will give it a sizable pie of the country's growing premium smartphone segment, which is dominated by Apple and Samsung.

Union IT Minister Ashwini Vaishnaw with (right) Sanjay Gupta, vice president and country head of Google India, and Rick Osterloh, senior vice president for devices and services of Google, in New Delhi on Thursday. *PTI*

As per Counterpoint Research, even though overall smartphone shipments declined in India in the second quarter of 2023 declined by 3 per cent, the premium smartphone segment presented a different picture, growing 112 per cent year-on-year in Q2 to contribute a record 17 per cent to the overall shipments.

As per CMR, Pixel has consistently held less than a 0.2 per cent market share in India for the past five years.

Android is the most used mobile operating system in India, but a number of its users buy phones from the budget end, a segment where Samsung and Chinese players like Oppo, Vivo and Xiaomi rule the roost.

Speaking on the sidelines of the event, Union IT Minister Ashwini Vaishnaw said that he has asked Google to further deepen its electronics manufacturing push in India, by producing its Tensor chip – which powers the latest generation Pixel phones – at a semiconductor fab in the country in the next three years. Currently, India does not have an operational fab.

The minister also said that he has urged Google to start producing the Pixel Fold in the country next. Rick Osterloh, senior vice president, devices and services at Google said, "India is a priority market for Pixel smartphones, and we're committed to bringing the best of our hardware and underlying built-in software capabilities to people across the country".

## Google Cloud to help farmers reap benefits of ONDC, power super app for citizen's services

NANDAGOPAL RAJAN
NEW DELHI, OCTOBER 19

TO HELP farmers benefit from ONDC, Google Cloud is partnering with Sign Catch to help farmers producers organisations (FPOs) build catalogues and reach out to merchants across the country. Farmers across the country will be able to use the power of Google Cloud's generative AI and language capabilities with just a few clicks and for the first time gain the ability to transact at scale, Managing Director Bikram Singh Bedi told The Indian Express.

As part of Google For India, Google Cloud also announced it is working with Axis My India to "democratise information on citizens services" with a super app called the 'A App' that uses Google Cloud's scalable and secure infrastructure. "We are looking to impact over 250 million Indian households which really translates to impacting the lives of over a billion Indians and making sure they are able to have easier lives," Bedi said, underlining how this signals India moving forward as a society. "Generative AI technology is now capable of two-way communication in 13 Indian languages, and will be a crucial bridge between the government and the corporate social services as well as citizens".

One of the use cases of the app will be to show Ayushmann Bharat hospital near a certain user. It will also curate information for similar such queries users might have.

The company is also partnering with Bhashini and the Ministry of Electronics and Information Technology to use generative AI and language models to make government services more "language responsive". Bedi said Google Cloud is launching a centre of excellence on generative AI and language. Bhashini teams will essentially leverage Google Cloud Generative AI's secure data architectures, Gen AI app building tools and our foundation models to essentially build responsible generative AI models that are trained on Government of India datasets, and Bhashini's language translation technology.

# Broad-based uptick in overall economy, says RBI report

ENS ECONOMIC BUREAU
MUMBAI, OCTOBER 19

HIGH-FREQUENCY economic indicators show a broad-based gaining of momentum in economic activity in August and September amid the decline in retail inflation to the five-per cent level, a Reserve Bank of India (RBI) article said on Thursday.

According to the article on 'State of the Economy' published in the latest RBI Bulletin, high-frequency indicators for the services sector reflect a broad-based uptick in overall economic activity in September 2023. Higher year-on-year growth in air cargo, railway freight and construction indicators of steel consumption and cement production validated the uptick, it said.

"The festival season is all set to light up volumes of e-commerce sales. Entry-level prices of electronics are poised to fall in spite of the focus on 'premiumisation'," the report said.

"Consumer confidence is upbeat on online shopping, with wider choices, competitive pricing and the convenience of easy return and exchange lifting up the online shopping experience. In response, pan-India demand for warehousing has outgrown supply by an estimated 1.4 times, with an average growth of 10 per cent in rentals, the RBI study said.

It said rural consumers also appear to be ready to join the party: there is a revival in demand for fast moving consumer goods after the September showers in spite of an uptick in freight and packaging costs. "With kharif sowing acreage exceeding last year's coverage, joblessness in rural areas fell in September," it said.

On the other hand, global growth lost pace from Q3:2023 on the back of weak manufacturing activity and tight financial conditions in advanced economies even as several emerging market economies posted growth surprises. Surging yields and soaring crude oil prices have emerged as proximate risks to global growth, the RBI article said.

In India, a broad-based gaining of momentum is discernible in high frequency indicators. Deleveraging and higher capacity utilization have enabled capital-heavy industries to gain traction. "The Indian rupee (INR) is exhibiting low volatility. Inflation has moderated from its July peak, bolstering macroeconomic fundamentals," it said.

"A major positive development is the relative stability in core inflation, with services inflation muted. While risks are evenly balanced, with weather conditions and volatile global energy and food prices weighing in on the upside, firms across manufacturing and services sectors expect moderation in growth of selling prices," it said.

The softening in inflation by 180 bps to five per cent came from a strong negative momentum of around 110 bps and a favourable base effect of around 60 bps. Food prices recorded a m-o-m decline of around 180 bps while fuel prices fell around 390 bps month-on-month The index of core prices (CPI excluding food and fuel) remained unchanged, the RBI said.

### 'DOLLAR STRENGTH NOW A GLOBAL RISK'

*Mumbai:* The US dollar's strength is now a global risk, tightening the already tight financial conditions even more, the RBI's 'State of the economy' report said. Even as energy importers reel under the impact of soaring crude oil prices that resurrect the spectre of inflation alongside external vulnerabilities, the US dollar gets ever stronger on the heft of surging treasury yields, creating a pernicious feedback loop, it said. "The more this toxic vortex persists, the greater is the pain for the world," the RBI said. **ENS**

## BRIEFLY

### US demand falls, Nokia to cut 14k jobs

*Stockholm:* Nokia will cut up to 14,000 jobs to reduce costs, it said Thursday, warning it did not expect a market recovery soon after posting a 20% drop in third-quarter sales on weaker demand for 5G equipment. A slowdown in the US and one of the more profitable markets for Nokia and Ericsson had forced them to look for growth in other regions such as India. But India is also expected to normalize after a stellar 2022. **REUTERS**

### Tata Motors buys 26% in Freight Tiger

*Mumbai:* Tata Motors has acquired a 26.79 per cent stake in Freight Commerce Solutions Pvt Ltd (Freight Tiger) for a consideration of Rs 150 crore. The securities subscription agreement also includes a provision enabling Tata Motors to further invest Rs 100 crore over the next two years, at the then prevailing market value. Freight Tiger is a digital platform that provides end-to-end logistics value chain solutions for cargo movement in the country. **ENS**

### Prices of food essentials to be stable: govt

*New Delhi:* Prices of essential food items will remain stable during the festival season, Union Food Secretary Sanjeev Chopra said Thursday. He said curbs on some commodities to keep prices in check won't be removed in the near future. **PTI**

### Tata weighs $1 bn infusion into Neu app

*Bengaluru:* Tata Group is considering a $1 billion capital infusion into its super app Neu, *Bloomberg* reported. Tata may provide the capital in 2024, the report said, adding talks are ongoing and details could change. **REUTERS**

# Demand tepid, FMCG & retail firms see muted Sept quarter

ENS ECONOMIC BUREAU
NEW DELHI, OCTOBER 19

IT'S BEEN a dull second quarter for the early birds in the fast moving consumer goods (FMCG) and retail spaces, with revenue growth muted amid tepid consumer demand and a delayed festive season. Companies have taken price increases where possible and reined in costs to try and expand margins.

Revenues at Hindustan Unilever grew by just 3.6% y-o-y in the September quarter on the back of a volume increase of 2%, the slowest in the last six quarters. ITC's revenues were up just 2.6% y-o-y while at Shoppers Stop, sales were virtually flat.

Foods major Nestle posted a 9.5% increase in revenue y-o-y. Managing director Suresh Narayanan said domestic revenues had gone up by 10.3%, thanks to a mix of volume and price increases. Nestle's operating profit margins expanded by 250 basis points y-o-y.

On the whole, management commentary has been circumspect. Kavindra Mishra, ED and CEO, Shoppers Stop told analysts the slowdown in the consumer discretionary space, post last Diwali, had continued into Q2 as well with the demand being impacted by adhik maas and the delayed festival season. "The demand environment remains weak across cities, towns and categories unlike in earlier quarters where it was driven more by non-metro and rural," Mishra said.

ITC's revenue was up 2.6%. HUL's revenue grew by 3.6%. *File*

Rohit Jawa, MD & CEO, HUL, said the firm was cautiously optimistic. "FMCG demand is likely to continue a gradual recovery with tailwinds from the upcoming festive season, sustained buoyancy of services and government's thrust on capex," he said.

Jawa cautioned the volatile commodity prices and the impact of the monsoon on crop output need to be watched. Operating profit margins at HUL increased by 130 bps while net profits grew by just 3.8% y-o-y in Q2FY24.

Analysts highlighted weak rural demand and intense competition as factors that impacted revenues.

At Avenue Supermarts, revenues rose 18.5% y-o-y, much of which was led by an addition in area of about 12% y-o-y and some improvement in same store sales.

Neville Noronha, CEO & managing director, Avenue Supermarts said the company's gross margins continued to be lower than in Q2FY23 due to a smaller contribution from the higher margin general merchandise and apparel businesses.Net profits were down by 9% thanks to higher tax expenses while operating margins were down by about 50 bps y-o-y. At United Breweries, profits were down by nearly 20% y-o-y though revenues were up 14.2% y-o-y. **FE**

SETBACK TO MNCs

## DTAA can't be be enforced unless notified under Income Tax Act: SC

ENS ECONOMIC BUREAU
NEW DELHI, OCTOBER 19

IN A significant ruling with respect to the interpretation of the Double Taxation Avoidance Agreements (DTAAs), the Supreme Court Thursday stated that a notification under Section 90(1) of the Income Tax Act is "necessary and a mandatory" condition for a court, authority, or tribunal to give effect to a tax treaty that has the effect of altering existing provisions of law. The ruling essentially implies that a country can claim benefits under DTAA from the time of its treaty pact and not a later date when some other country would have gained from entering into another treaty.

The SC ruling was in a case related to bilateral treaties on issues linked to whether there is any right to invoke the most-favoured nation (MFN) clause when the third country with which India has entered into a DTAA was not an OECD member yet (at the time of entering into such DTAA); and secondly whether the MFN clause is to be given effect to automatically or if it is to only come into effect after a notification is issued.

Nestle SA, Concentrix Services Netherlands and other multinational companies had argued that Netherlands, Switzerland and France are members of the Organisation for Economic Cooperation and Development and given that India's treaties with these countries have the MFN clause, the beneficial 5 per cent withholding rate in treaties with Slovenia, Lithuania and Columbia should also apply to them.

Amit Maheshwari, Tax Partner, AKM Global, said: "Many taxpayers had taken a concessional tax rate for remittances such as royalties and fees for technical services and for dividends after 1.04.2020 (post abolishing dividend distribution tax). The decision of the apex court will have wide repercussions for the industry and could result in millions of dollars of additional tax revenue for the government. The decision would also entail revival of pending matters in the form of fresh action by tax authorities by initiating proceedings, raising demands or denying lower withholding in respect of these remittances made in the past. This may not go well with our tax treaty partners."

## Bond issuances: SEBI brings sops for some large corporates

ENS ECONOMIC BUREAU
MUMBAI, OCTOBER 19

TO DEEPEN the bond market, the Securities and Exchange Board of India (SEBI) Thursday introduced sops for large corporates (LCs) that have raised more than the mandated share of 25% of their qualified borrowing through the bond route.

The market regulator's circular said that these LCs will be incentivised through reductions in the annual listing fee of its debt instruments. The company's contribution to the Core Settlement Fund (CSF) will also be reduced.

The framework will be available from January 1 for companies following January-December as a financial year and April 1 for firms using the April-March calendar.

At the same time, large corporates that have a shortfall will be disincentivised by being asked to pay an additional contribution to the CSF, added the circular. **FE**

## Need to set up India-based 'protection & indemnity' entity, says Sitharaman

ENS ECONOMIC BUREAU
MUMBAI, OCTOBER 19

FINANCE MINISTER Nirmala Sitharaman Thursday said there is a need to set up a protection and indemnity (P&I) entity that is owned by India and based domestically.

P&I or shipowner's liability insurance is a form of insurance that provides cover to shipowners and operators against any risk associated with the operations of a vessel. It covers liabilities arising from loss of life, injury of crew, and passengers, damage caused to cargo during operations, oil spills and war.

Such an entity will help the country reduce its vulnerability to any international sanction or pressure, Sitharaman said at the Global Maritime India Summit.

The three-day event, one of the world's largest maritime summits, anchored Rs 10 lakh crore investment before concluding Thursday.

Sitharaman said: "A need has been felt to have a full-fledged India-owned and India-based P&I entity."

Union Finance Minister Nirmala Sitharaman in Mumbai on Thursday. *PTI*

Explaining the rationale, the FM said: "It would reduce India's vulnerability to international sanctions and pressures to provide greater strategic flexibility in the shipping operations."

The entity would provide protection against liabilities to the ships operating in coastal as well as inland waters during their operations. It would also provide a foothold into specialised segments of the protection and indemnity business which is dominated by few players, she said.

CHANDIGARH HOUSING BOARD
A CHANDIGARH ADMINISTRATION UNDERTAKING
8, Jan Marg, Sector 9-D, CHANDIGARH, PHONE : 0172-2511155

Notice for inviting e-tenders for allotment of Built-up Dwelling Units/Commercial Units in U.T. Chandigarh

It is hereby notified for the information of general public that e-tenders are invited for the sale of Built-up Units. All the Commercial Units are being sold on Lease-hold, basis & Residential on Free-Hold Basis. E-tenders are invited individually for each of Built-up Unit.

1. The E-Tender process is open for all the citizens of India as well as NRIs/PIOs above 18 years of age. The persons already having any property (Residential or Commercial) can also participate in the e-Tender.
2. The Built-up units shall be allotted to the highest eligible bidder, quoting above the reserve price of the Unit. The GST will not be applicable on the consideration/premium of the unit.
3. All willing participants may visit the official website www.chbonline.in to understand the detailed procedure for submission of Earnest Money Deposit (EMD) and e-bids. The Terms & Conditions and the detailed List mentioning localities/sectors of the Built-up Units and reserve price can be downloaded from the official website of the Chandigarh Housing Board i.e. www.chbonline.in.
4. In order to submit e-bids, every prospective bidder is required to get himself/herself registered at https://etenders.chd.nic.in.
5. Stickers have been pasted at each of the Built-up Unit for better identification and Site Offices have been provided at different Sectors/Location to facilitate inspection by the prospective bidders. The location of each of the unit on google map, address of the Site Offices and contact details of the officials are available on the official website www.chbonline.in. The days specified for the inspections of the units are as under:-

| Sr. No. | Built-Up Units | No. of Units | Days for inspections (10:00 AM to 05:00 PM) |
|---|---|---|---|
| 1. | Commercial Units on Lease-Hold Basis | 88 | Every Wednesday |
| 2. | Residential Units on Free-Hold Basis | 28 | Every Saturday |

Schedule of dates for e-Tender of the Units:-

| Sr. No. | Event | Date & Time |
|---|---|---|
| 1. | Starting date and time for bid submission | From 20th October, 2023 (10:00 AM) |
| 2. | Closing date and time for bid submission | Till to 16th November, 2023 (upto 10:00 AM) |
| 3. | Opening of e-bids | 16th November, 2023 (From 10:15 AM onwards) |

Note: - As per the interim orders dated 24.04.2023 passed by the Hon'ble Punjab & Haryana High Court in CM/6366/2023 in CWP/793/2023 titled as Parveen Kumari vs. UT, Chd. & others, the allotment of Dwelling Units Nos. 44-C, 65-C, 127-C Sector 51-A, Chandigarh will be subject to outcome of above said court case.

# नोकियाच्या १४ हजार कर्मचाऱ्यांच्या रोजगारावर टांगती तलवार

**वृत्तसंस्था, सॅनफ्रान्सिस्को**

नोकिया कंपनीकडून १४ हजार कर्मचाऱ्यांची कपात केली जाणार आहे. कंपनीने तिसऱ्या तिमाहीत ५ जी उपकरणांच्या विक्रीत घट नोंदविली असून, नजीकच्या काळात बाजारपेठेत सुधारणा होण्याची शक्यता नसल्याने कंपनी हे पाऊल उचलणार आहे.

दूरसंचार जाळ्यासाठीच्या उपकरणांची निर्मिती नोकिया कंपनी करते. अमेरिकेत सध्या मंदीचे वारे आहे. नोकियासाठी अमेरिका सर्वांत फायदेशीर बाजारपेठ आहे.

अमेरिकेत मागणी कमी झाल्यामुळे कंपनीने भारतासह इतर देशांकडे लक्ष वळविले आहे. कारण या देशांतून मागणी वाढणे अपेक्षित आहे. याबाबत नोकियाचे मुख्य कार्यकारी अधिकारी पेक्का लुंडमार्क म्हणाले की, सध्या बाजारपेठेतील स्थिती आव्हानात्मक आहे. आमच्यासाठी सर्वांत महत्त्वाच्या असलेल्या उत्तर अमेरिकेच्या बाजारपेठेतून मागणी कमी झाली असून, निव्वळ विक्रीत तिसऱ्या तिमाहीत ४० टक्के घट नोंदविण्यात आली आहे.

नोकियाने २०२६ पर्यंत ८० कोटी युरो ते १.२ अब्ज युरोची खर्चात बचत करण्याचे उद्दिष्ट ठेवले आहे. त्यामुळे कर्मचारी कपातीचे पाऊल उचलले जाणार आहे. नोकियामध्ये सध्या ८६ हजार कर्मचारी आहेत. त्यात १६ टक्के कपात करून कर्मचारी संख्या ७२ ते ७७ हजारांवर आणली जाणार आहे.

## गूगल पिक्सल स्मार्टफोनची भारतात निर्मिती

भारताला प्राधान्य बाजारपेठ म्हणून संबोधत, जागतिक तंत्रज्ञान क्षेत्रातील आघाडीची कंपनी गूगल देशात त्यांच्या आघाडीचा गूगल पिक्सेल फोनचे उत्पादन सुरू करणार आहे. ह्यमेक इन इंडियाह्णच्या उपक्रमांतर्गत फोनची निर्मिती सुरू करण्यात येणार असून २०२४ मध्ये देशात तयार झालेला फोन बाजार विक्रीसाठी उपलब्ध होईल. दक्षिण कोरियाची आघाडीची स्मार्टफोन निर्माता कंपनी सॅमसंग गॅलेक्सीदेखील भारतात फोन तयार करते. विद्यमान आर्थिक वर्षातील एप्रिल–ऑगस्ट कालावधीत भारताने ४५,००० कोटींहून अधिक मूल्याच्या फोनची निर्यात केली. तर विद्यमान आर्थिक वर्षात भारत मोबाइल फोन निर्यातीत १.२० लाख कोटी रुपयांचा टप्पा गाठण्याची शक्यता आहे.

# सणासुदीच्या काळात महागाई नियंत्रणात

## केंद्रीय अन्न सचिवांचा दावा; सरकारी हस्तक्षेपामुळे किमती कमी

**वृत्तसंस्था, नवी दिल्ली**

**आगामी सणासुदीच्या** काळात अन्नधान्याच्या किमतीत कोणतीही मोठी वाढ अपेक्षित नाही. त्यामुळे किमती नियंत्रणात राहतील, असा दावा केंद्रीय अन्न सचिव संजीव चोप्रा यांनी गुरुवारी केला.

चोप्रा म्हणाले की, खाद्यवस्तूंच्या किमती नियंत्रणात ठेवण्यासाठी सरकार अनेक निर्णय घेत आहे. तांदूळ आणि गव्हाची खुल्या बाजारपेठेतील विक्री असो की साठा मर्यादा आणि निर्यात निर्बंध यासारखे निर्णय घेऊन किमती स्थिर ठेवण्यात येत आहेत. याचा प्रतिकूल परिणाम काही उद्योगांवर होत आहे. मात्र, देशातील १४० कोटी ग्राहकांचे हित जपणे गरजेचे आहे. सरकारने घेतलेल्या निर्णयांचे चांगले परिणाम दिसून येत असून, किमती स्थिर राहिल्याचे चित्र आहे. उकडलेल्या तांदळावर २० टक्के निर्यात शुल्क आकारल्याने या तांदळाची निर्यात ६५ टक्क्याने कमी झाली आहे. आपल्या मित्र देशांना १२ लाख टन तांदूळ निर्यात करण्याचीही आपण परवानगी दिली होती. शेंगदाणा तेल वगळता सर्व खाद्यतेलांच्या किमतीही १५ टक्क्याने कमी झाल्या आहेत.

साखरेच्या किमतीबाबत चोप्रा म्हणाले की, साखरेच्या किमती दशकभर स्थिर असून, त्यात किरकोळ २ टक्क्यांची वाढ झाली आहे. आंतरराष्ट्रीय पातळीवर साखरेची किंमत १२ वर्षांतील उच्चांकी पातळीवर पोहोचली आहे. तरीही भारतात साखर स्वस्त आहे. सरकारने साखरेच्या निर्यातीवर निर्बंध घातल्याने बाजारपेठेत पुरेसा पुरवठा होऊन ग्राहकांसाठी साखरेचे भाव रास्त राहिले आहेत.

### सरकारने उचललेली पावले

केंद्र सरकारने महागाई नियंत्रणात ठेवण्यासाठी अनेक पावले उचलली आहेत. त्यात तांदळाचे भाव नियंत्रणात ठेवण्यासाठी अनेक निर्णय घेण्यात आले. त्यात सप्टेंबर महिन्यात तुकडा तांदळाच्या निर्यातीवर बंदी घालण्यात आली आहे. याचबरोबर मागील वर्षी मे महिन्यात गव्हाच्या निर्यातीवर बंदी घातली गेली. सरकारने बासमती तांदूळ वगळता सर्व प्रकारच्या तांदळाच्या निर्यातीवर २० टक्के निर्यात शुल्क आकारले. सरकारने जुलैपर्यंत बिगरबासमती तांदळाच्या निर्यातील स्थगिती दिली. बासमतीसाठी किमान निर्यात किंमत प्रतिटन १ हजार २०० डॉलरवर नेण्यात आली. याचबरोबर डाळी, तांदूळ आणि गव्हाच्या साठ्यावर मर्यादा घातल्याने खुल्या बाजारात त्यांचा पुरवठा वाढला आहे.

### जागतिक प्रतिकूलतेपायी

# सेन्सेक्सची २४८ अंशांनी माघार

**लोकसत्ता व्यापार प्रतिनिधी**

**मुंबई** : जागतिक बाजारातील कमकुवत कल आणि परदेशी संस्थात्मक गुंतवणूकदारांकडून समभाग विक्रीच्या माऱ्यामुळे प्रमुख निर्देशांक सेन्सेक्स आणि निफ्टीमध्ये गुरुवारी सलग दुसऱ्या सत्रात घसरण झाली. त्याचबरोबर माहिती तंत्रज्ञान क्षेत्रातील आघाडीच्या कंपन्यांच्या निराशाजनक कामगिरीमुळे गुंतवणूकदारांनी नफावसुलीला प्राधान्य दिले.

सेन्सेक्स २४७.७८ अंशांनी घसरून ६५,६२९.२४ पातळीवर बंद झाला. दिवसभरात त्याने ५३३.५२ अंश गमावत ६५,३४३.५० ही सत्रातील नीचांकी पातळी गाठली. दुसरीकडे निफ्टीमध्ये ४६.४० अंशांची घसरण झाली आणि तो १९,६२४.७० पातळीवर स्थिरावला.

जागतिक प्रतिकूल वातावरण, अमेरिकी रोख्यांवरील वाढता परतावा दर आणि माहिती तंत्रज्ञान क्षेत्रातील कंपन्यांची कमाई घटल्याने देशांतर्गत भांडवली बाजारात किरकोळ घसरण झाली. हमास-इस्राइल संघर्ष तीव्र झाल्याने एकूणच पश्चिम आशिया खंडातील वातावरण तापले आहे. मात्र परिस्थिती सामान्य करण्यासंबंधीच्या जागतिक प्रयत्नांमुळे भांडवली बाजारात आशावाद दिसून आला. त्याचाच सुपरिणाम म्हणून खनिज तेलाचे दर पुन्हा ९० डॉलर प्रतिपिंपाखाली आले आहेत. वाहननिर्मिती क्षेत्रातील कंपन्यांनी तिमाहीत चांगली कामगिरी केली. आता अमेरिकी मध्यवर्ती बँक फेडरल रिझर्व्हची व्याज दरवाढीबाबत भूमिका आणि पश्चिम आशियातील घडामोडी बाजाराची पुढची दिशा निश्चित करतील, असे मत जिओजित फायनान्शियल सर्व्हिसेसचे संशोधन प्रमुख विनोद नायर यांनी नोंदवले.

सेन्सेक्समध्ये, विप्रोच्या समभागात ३ टक्क्यांची घसरण झाली. कमकुवत जागतिक आर्थिक दृष्टिकोन आणि अनिश्चित वातावरणामुळे चालू तिमाहीत माहिती तंत्रज्ञान क्षेत्राची कामगिरी असमाधानकारक राहिली आहे. एनटीपीसी, टेक महिंद्र, एअरटेल, टाटा स्टील, आयसीआयसीआय बँकआणि रिलायन्सच्या समभागात पडझड झाली.

# लॅपटॉप, कॉम्प्युटर आयातीसाठी ऑनलाइन परवाना यंत्रणा

**पीटीआय, नवी दिल्ली**

**केंद्र सरकारने** लॅपटॉप आणि कॉम्प्युटरच्या आयातीसाठी कठोर अशी परवाना पद्धत सुरू केली आहे. आता ही परवाना पद्धत सुकर करण्याचे पाऊल सरकारने उचलले आहे. आयातदारांना ऑनलाइन यंत्रणेच्या माध्यमातून ही परवान्याची प्रक्रिया पूर्णपणे पार पाडता येणार आहे.

परदेशी व्यापार महासंचालक संतोषकुमार सरंगी म्हणाले की, नवीन परवाना पद्धत तातडीने लागू होणार आहे. अधिकृत स्रोताकडून ही उत्पादने आयात केली जात आहेत की नाही यावर देखरेख ठेवणे हा यामागील प्रमुख उद्देश आहे. या क्षेत्रातील घटकांनी मागणी केल्याने परवाना पद्धतीत काही बदल करण्यात आले आहेत.

आयातदारांसाठी ही प्रक्रिया पूर्णपणे ऑनलाइन आहे. ही सेवेद्वारे आयातदारांना त्यांची माहिती भरताना कोणताही अडथळा येणार नाही.

केंद्र सरकारने लॅपटॉप, कॉम्प्युटरच्या आयातीसाठी परवाना पद्धतीची घोषणा ४ ऑगस्टला केली होती. या वस्तू आयात करण्यासाठी १ नोव्हेंबरपासून आयातदारांना परवाना आवश्यक असेल. देशांतर्गत उत्पादनाला प्रोत्साहन देण्यासाठी आणि चीनसारख्या देशांतून होणारी या वस्तूंची आयात कमी करणे, हा यामागील उद्देश आहे.

# डिमॅट खाती पहिल्यांदाच १३ कोटींच्या पुढे

**लोकसत्ता व्यापार प्रतिनिधी**

**मुंबई** : शेअर बाजारात नशीब आजमावणाऱ्यांची संख्या झपाट्याने वाढत असून अलिकडच्या काही महिन्यातील बाजार तेजीने लक्षणीय प्रमाणात किरकोळ गुंतवणूकदारांना आकर्षित केले आहे. परिणामी सप्टेंबर महिन्याच्या अखेरीस देशातील डिमॅट खात्यांच्या एकत्रित संख्येने प्रथमच १३ कोटींचा टप्पा ओलांडला आहे, असे शुक्रवारी प्रसिद्ध झालेल्या मोतीलाल ओसवाल फायनान्शिअल सर्व्हिसेसच्या अहवालाने स्पष्ट केले.

सरलेल्या सप्टेंबर महिन्यात ३१ लाख नवीन डिमॅट खात्यांची भर पडली आहे. तर चालू आर्थिक वर्षातील एप्रिल ते सप्टेंबर २०२३ या सहा महिन्यांच्या कालावधीत मासिक आधारावर सरासरी २१ लाख नवीन डिमॅट खाती उघडली गेली आहेत.

गुंतवणुकीची प्रक्रिया कागदरहित हाताळली जाण्यासह, समभाग वा रोख्यांच्या इलेक्ट्रॉनिक स्वरूपातील जतनासाठी डिमॅट खाती उपयुक्त आहेत. भारतात सध्या कार्यरत असलेल्या एनएसडीएल आणि सीडीएसएल या दोन डिपॉझिटरी संस्था आहेत, ज्यांच्याकडे गुंतवणूकदारांना डिमॅट खाते उघडता येते. सीडीएसएल ही आठ कोटींहून अधिक सक्रिय डिमॅट खात्यांसह देशातील सर्वात मोठी डिपॉझिटरी असून तिने ७४ टक्के बाजारहिस्सा व्यापला आहे.

### डिस्काऊंट ब्रोकरची कामगिरी कशी?

'ग्रो' या आघाडीच्या दलाली पेढीने (डिस्काऊंट ब्रोकर) १९.९ टक्के बाजार हिश्यासह पहिले स्थान कायम राखले आहेत. त्यांच्याकडील डिमॅट खातेधारकांची संख्या ६६ लाखांवर पोहोचली आहे. त्यापाठोपाठ 'झिरोधा'ने १९.४ टक्के बाजार हिस्सा व्यापला असून, त्यांच्याकडील डिमॅट खातेधारकांची संख्या ६५ लाख आहे. 'एंजलवन'कडे ४९ लाख तर अपस्टॉक्सकडील डिमॅट खातेधारकांची संख्या २२ लाखांवर पोहोचली आहे.

# टाटा मोटर्सकडून सफारी व हॅरियर नवीन अवतारात

**मुंबई** : आघाडीची वाहन निर्माता कंपनी टाटा मोटर्सने 'एसयूव्ही' श्रेणीमध्ये सफारी व हॅरियर ही दोन वाहने नवीन अवतारात सादर केली आहे.

लोकप्रिय असलेल्या सफारी व हॅरियरमध्ये टाटा मोटर्सने मोठे बदल केले असून आधुनिक तंत्रज्ञानांसह सादर करण्यात आली आहे. शिवाय दोन्ही वाहनांना जागतिक सुरक्षा मानांकन संस्था 'एन-कॅप'चे सर्वोच्च मानांकन मिळाले आहे. सुरक्षाविषयक सर्वोत्तम असे पंचतारांकित मानांकन कंपनीच्या या दोन्ही चारचाकी वाहनांना प्राप्त झाले आहे. नवीन शक्तिशाली व आधुनिक सफारी १६.१९ लाख रुपये आणि हॅरियर १५.४९ लाख रुपये या सुरुवातीच्या किमतींमध्ये उपलब्ध आहेत.

नवीन सफारी व हॅरियर ही सुरक्षितता आणि सर्वोत्तमतेच्या बाबतीत वाहनप्रेमींच्या अपेक्षा पूर्ण करतील, असे टाटा मोटर्सचे प्रवासी वाहने व विद्युत वाहन विभागाचे व्यवस्थापकीय संचालक शैलेश चंद्रा म्हणाले.
