94) The rationale for the Scheme is as follows:

- a) Applicant Company 22 is the parent company of the renewable energy portfolio of the group holding multiple special purpose vehicles (i.e., the Amalgamating Companies) engaged in generation of renewable power across India. While each of the Amalgamating Companies caters to distinct geographical locations across India, it is proposed to consolidate the businesses for creation of a single larger unified entity and reduce the number of entities within the group to achieve optimal and efficient utilization of capital; enhance operational and management efficiencies and have a simplified organizational structure.
- b) Thus, the Amalgamation pursuant to this Scheme would, *inter alia*, have the following benefits:
  - (i) Consolidation of businesses would achieve simplification of holding structure of entities forming part of the group, improve operational and management efficiencies, streamline business operations and decision-making process and enable greater economies of scale.
  - (ii) Would lead to creation of a single unified entity with a wider and stronger capital and asset base, having greater capacity for conducting its operations more efficiently and competitively.
  - (iii) Reduce the number of companies within the group, as well as achieving a reduction in administrative costs, overheads and multiplicity of legal and regulatory compliances.
  - (iv) Enable greater efficiency in cash management by reduction of cash traps at SPV level, which can be deployed more effectively for maximizing shareholder value;
  - (v) Will result in increased financial strength and balance sheet and will facilitate financing availability;
  - (vi) The group can participate more competitively and efficiently in further growth opportunities.

Hereto annexed and marked as ANNEXURE "LLLL-1" to "LLLL-22" are the certified true copies of the resolutions of the Board of Directors of the Applicant Companies respectively, duly approving the Scheme.
- 96) Item 9 of Schedule I of the Competition Commission of India (Procedure in regard to the transaction of business relating to combinations) Regulations, 2011 ("Combination Regulations") provides for an exemption for merger or amalgamation of enterprises in which more than fifty per cent (50%) shares or voting rights in each of such enterprises are held by enterprise(s) within the same group. Given that (i) Applicant Company 1 and Applicant Company 2 are wholly owned subsidiaries of Applicant Company 22; (ii) Applicant Company 3 to 16 are wholly owned subsidiaries of Applicant Company 2; and (iii) Applicant Company 17 to 21 are step down subsidiaries of Applicant Company 2, the Scheme can avail the exemption under Item 9 of Schedule I of the Combination Regulations. Thus, notice to and the approval of the Competition Commission of India (CCI) is not required for the present Scheme. Applicant Companies, therefore, say that the aforesaid notices mentioned above are not required to be given to the CCI.
